Sample language to include in vendor request letters and renewal contracts
August 2018

For the contract year beginning [date], the Vendor agrees that it will deliver and successfully demonstrate native Ed-Fi API integration with the Ed-Fi 2.5 ODS on or before [date]. Success will be demonstrated by receipt of certification from the Ed-Fi Alliance and acceptance testing by [school district] in the [school district] technical environment. This integration will include all Resources and Properties required for Ed-Fi API v2.5 [SIS or assessment] certification, to the extent that these Resources and Properties and Data exist within the [vendor product].
